Happy Halloween!

.....

Just a thought!

As music teachers, we can teach history in our classrooms and cross-curriculars, and we should consider teaching history. We have a vibrant history in our country and our lives have been touched by someone serving in the military. If we don't personally know a serviceman, we know someone who does or has a family member who serves.

November is right around the corner, November 11th is a very special day in our country. If your campus doesn't have a Veteran's Day celebration, consider performing a patriotic grade-level program for your community. By inviting the other grade levels on your campus to your program, you have started a new tradition.
